 Candidates and their election agents may appoint one counting agent per candidate per 5,000 overseas electors, or three counting agents per candidate (whichever is higher), to observe the counting of overseas votes. To enter the counting place for overseas count, each counting agent must submit the duly completed *Oath of Secrecy* form (original signed and attested copy) to the election officials at the counting place.

Other than the counting agents appointed, candidates can also witness the overseas count. Candidates are to bring along their candidate passes. If their passes do not have the Acknowledgement of Oath of Secrecy sticker, they will need to submit a duly completed *Oath of Secrecy* form to the election official at the counting place.

You must RSVP your attendance and submit the full names (as shown in NRIC) and NRIC numbers of the counting agents appointed at the counting place for overseas votes (if any) to the Returning Officer by the given deadline.
