

## **POLL CARDS**

Voters in contested electoral divisions should already have received their poll cards by Monday 29 October 2001. The poll card informs voters of the location of their respective polling station and the particular polling place (counter or room) they should go to, to cast their vote. A sample poll card is attached.

2 Voters who have not received their poll cards or who have misplaced them can find out where they should go to vote on polling day by accessing the Elections Department website at [www.elections.gov.sg](http://www.elections.gov.sg) , or calling the hotline number at Tel: 838 1266, or enquiring at any community centre or club nearest their home.
